## CURRICULUM VITAE

Graduate School of Informatics and Engineering,  
The University of Electro-Communications,  
928, Building E-3, 1-5-1 Chofugaoka, Chofu, 182-8585, Japan

PHONE: +81-42-443-5822  
E-MAIL: watanabe@uec.ac.jp  
LAST UPDATED: February 6, 2025

### RESEARCH INTERESTS

Modern cryptography, in particular, advanced cryptography, such as:  
Especially:

- ▷ Searchable symmetric encryption and encrypted database.
- ▷ Updatable cryptography.

### EDUCATION

- ▷ **Ph.D. in Information Science**, Yokohama National University.  
Thesis: Cryptography with Timed Access Control  
Supervisor: Asso. Prof. Dr. Junji Shikata March 2016
- ▷ **M.S. in Engineering**, Yokohama National University. March 2013
- ▷ **B.S. in Engineering**, Yokohama National University. March 2011

### EXPERIENCE

- ▷ **Associate Professor**, Department of Informatics, Graduate School of Informatics and Engineering, the University of Electro-Communications, Japan. Dec. 2024 – present
- ▷ **Research Fellow**, Sneed Co., Ltd., Japan. Sep. 2024 – Jan. 2025
- ▷ **Research Fellow**, Japan Datacom Co., Ltd., Japan. Aug. 2020 – present
- ▷ **Invited Advisor**, Security Fundamental Laboratory, Cybersecurity Research Institute, NICT, Japan. Apr. 2020 – Mar. 2024
- ▷ **Collaborative Researcher**, Cyber Physical Security Research Center (CPSEC), AIST, Japan. Apr. 2020 – present
- ▷ **Assistant Professor**, Department of Informatics, Graduate School of Informatics and Engineering, the University of Electro-Communications, Japan. Dec. 2019 – Nov. 2024
- ▷ **Excellent Young Researcher**, Leading Initiative for Excellent Young Researchers, MEXT, Japan. Dec. 2019 – Nov. 2024
- ▷ **Researcher**, Security Fundamental Laboratory, Cybersecurity Research Institute, NICT, Japan. Oct. 2018 – Nov. 2019
- ▷ **JSPS Research Fellow (PD)**, the University of Electro-Communications, Japan.  
Host researcher: Asso. Prof. Dr. Mitsugu Iwamoto Apr. 2016 – Sep. 2018
- ▷ **Collaborative Researcher**, Information Technology Research Institute (ITRI), AIST, Japan. Apr. 2016 – Sep. 2018
- ▷ **JSPS Research Fellow (DC1)**, Yokohama National University, Japan.  
Host researcher: Asso. Prof. Dr. Junji Shikata Apr. 2013 – Mar. 2016
- ▷ **Technical Trainee**, ITRI, AIST, Japan. Apr. 2015 – Mar. 2016
- ▷ **Technical Trainee**, Research Institute for Secure Systems (RISEC), AIST, Japan. May 2014 – Mar. 2015

## AWARDS AND HONERS

- ▷ **CSS 2024 Student Paper Award** at CSS 2024 (domestic conference in Japan), 2024.
- ▷ **CSS 2024 Encouragement Research Award** at CSS 2024 (domestic conference in Japan), 2024.
- ▷ **KISTI Best Paper Award** at MobiSec 2023, 2023.
- ▷ **Best Paper Award** at ProvSec 2022, 2022.
- ▷ **CSS 2022 Best Paper Award** at CSS 2022 (domestic conference in Japan), 2022.
- ▷ **CSS 2020 Encouragement Research Award** at CSS 2020 (domestic conference in Japan), 2020.
- ▷ **CSS 2019 Encouragement Research Award** at CSS 2019 (domestic conference in Japan), 2019.
- ▷ **IEEE Information Theory Society Japan Chapter Young Researcher Best Paper Award** at ISITA 2018, 2018.
- ▷ **CSS 2018 Best Paper Award** at CSS 2018 (domestic conference in Japan), 2018.
- ▷ **Invitation to 4th Heidelberg Laureate Forum**, 2016.
- ▷ **SCIS Paper Award** at SCIS 2016 (domestic conference in Japan), 2016.
- ▷ **CSS 2014 Student Paper Award** at CSS 2014 (domestic conference in Japan), 2014.
- ▷ **Best Poster Award** at IWSEC 2014, 2014.
- ▷ **JSPS Research fellowship for young scientists (PD)**, 2016 – 2019.
- ▷ **JSPS Research fellowship for young scientists (DC1)**, 2013 – 2016.
- ▷ **Paper(s) invited to special issues of journal(s):**
  - Invited to International Journal of Applied Cryptography (IJACT) from ACISP 2015.

## COMMITTEES

- ▷ **Editor:** IEICE Trans. on Fundamentals of Electronics, Communications and Computer Sciences.
  - ENG Edition: Editor (Jun. 2023 – May 2024).
  - JPN Edition: Editor (Jun. 2022 – May 2024).
  - Special Issue on Information Theory and its Applications: Guest Associate Editor (2020).
- ▷ **Program Committees:** MobiSec 2024, APKC 2024, APKC 2023, APKC 2022, ITW 2021, IWSEC 2021, APKC 2021, IWSEC 2020, APKC 2020, IWSEC 2019, APKC 2019, APKC 2018 (co-Chair).
- ▷ **Local Organizing Committees:** IWSEC 2024, IWSEC 2023, SCIS 2023, PKC 2022 (co-Chair), IWSEC 2022, CSS 2021, IWSEC 2021, SCIS 2021, CSS 2019, IWSEC 2019, IWSEC 2018.
- ▷ **Others:** CRYPTREC Cryptographic Technique Investigation WG (Advanced Cryptography) Member (May 2022 – Mar. 2023).

## TEACHING

### At UEC

- ▷ Fall 2024: *Cryptography, Advanced Topics on Cryptography, Cryptography and Information Security, Information Security Engineering Laboratory*. Fall 2023: *Cryptography, Advanced Topics on Cryptography, Cryptography and Information Security, Information Security Engineering Laboratory*. Fall 2022: *Cryptography, Advanced Topics on Cryptography, Cryptography and Information Security, Information Security Engineering Laboratory*.
- ▷ Fall 2021: *Cryptography, Advanced Topics on Cryptography, Cryptography and Information Security, Information Security Engineering Laboratory*.
- ▷ Fall 2020: *Cryptography, Cryptography and Information Security, Information Security Engineering Laboratory*.
- ▷ Fall 2019: *Cryptography*.

### At Other Universities

- ▷ Spring 2024: *Computer Literacy* (Japan Women's University), *Cryptography and Security* (Japan Women's University).
- ▷ Spring 2023: *Computer Literacy* (Japan Women's University).
- ▷ Spring & Fall 2022: *Computer Literacy* (Japan Women's University).
- ▷ Spring & Fall 2021: *Computer Literacy* (Japan Women's University).
- ▷ Spring & Fall 2020: *Computer Literacy* (Japan Women's University).
- ▷ Fall 2019: *Computer Literacy* (Japan Women's University).
- ▷ Spring 2019: *Computer Literacy* (Japan Women's University), *Project Learning* (Yokohama National University).
- ▷ Fall 2018: *Computer Literacy* (Japan Women's University).

## RESEARCH GRANTS

- ▷ JSPS Grant-in-Aid for Scientific Research (A), “真に高機能暗号の社会展開に資する物理・視覚暗号 (# 23H00479),” CI (PI: Goichiro Hanaoka). April 2023 – March 2026
- ▷ JSPS Grant-in-Aid for Scientific Research (B), “Towards Encrypted Search Protocols with Flexible Search Functions and High Efficiency (# 21H03341 → 23K21668),” PI. April 2021 – March 2025
- ▷ JSPS Grant-in-Aid for Scientific Research (B), “十分統計量に基づくシミュレーションベース安全性の深化 (# 21H03395),” CI (PI: Mitsugu Iwamoto). April 2021 – March 2025
- ▷ JSPS Grant-in-Aid for Scientific Research (S), “Resilience Enhancement of IoT Ecosystem by Cryptographic Technologies (# 18H05289),” CI (PI: Kazuo Sakiyama). June 2018 – March 2023 (Joined in April 2020)
- ▷ JSPS Grant-in-Aid for Scientific Research (C), “Searchable Symmetric Encryption for a Long Term Use (# 18K11293),” CI (PI: Kazuo Ohta). April 2018 – March 2022 (Joined in April 2020, and extended to March 2023)
- ▷ MEXT Leading Initiative for Excellent Young Researchers (LEADER), PI. December 2019 – March 2021
- ▷ JSPS Grant-in-Aid for Young Scientists (B), “Improvement of security and efficiency of identity-based encryption schemes resilient to key leakage (# 17K12697),” PI. April 2017 – March 2021

- ▷ JSPS Grant-in-Aid for Scientific Research (B), “推測秘匿性に基づく情報理論的暗号理論の新展開 (# 17H01752),” CI (PI: Mitsugu Iwamoto).

April 2017 – March 2021  
(extended to March 2022)

- ▷ Grant-in-Aid for JSPS Fellows (# 16J10532), “Simultaneous Realization of Dynamic Access Control and Data Analysis for Encrypted Data,” PI.

April 2016 – March 2019

- ▷ Grant-in-Aid for JSPS Fellows (#13J03998), “時刻で制御可能な暗号基礎技術の研究開発,” PI.

April 2013 – March 2016

## EDITED VOLUMES

- [1] G. Hanaoka, J. Shikata, and Y. Watanabe, *Public-Key Cryptography – PKC 2022*, Part I, Virtual Event, March 8-11, 2022. LNCS 13177, Springer, 2022.
- [2] G. Hanaoka, J. Shikata, and Y. Watanabe, *Public-Key Cryptography – PKC 2022*, Part II, Virtual Event, March 8-11, 2022. LNCS 13178, Springer, 2022.
- [3] K. Emura, J.H. Seo, and Y. Watanabe, *Proceedings of the 5th ACM Asia Public-Key Cryptography Workshop (APKC 2018)*, Incheon, Korea, June 4, 2018. ACM, 2018.
